

Please do not allow the proposed LPFM stations to take priority over the current FM translator services. You would be depriving me and hundreds of thousands of others who listen to K-LOVE FM of one of the most encouraging and enlightening programs on the air today. Your action would have a profoundly negative effect on not only my community, but on the entire nation. We all benefit in innumerable ways from our time spent listening to the message and music of this station, which is solely dedicated to reaching out to all of us with the loving invitation to follow Jesus and be set free by His holy counsel through God's written Word. It is vitally necessary that this country does not lose one more affirmation of God's sovereignty over this nation and this world, which so sorely needs Him more than ever before in the history of mankind.
